

FIRSTLAB'S ONLINE LEARNING CENTER

FirstLab has joined efforts with Alpha Pro Solutions (APS), a nationally recognized provider of drug free workplace training products and services, to increase the training options available to our clients.

Alpha Pro Solutions offers a wide range of training products and services using a variety of mediums including CD-ROM training, Internet based training and testing, instructor tools, classroom training, consulting services and more.

Some of the products available are:

- ✓ Employee Drug & Alcohol Awareness Handbook
- ✓ Supervisor Signs & Symptoms Drugs & Alcohol

To access the site type or copy the address below into your web browser or link from our website, www.FirstLab.com, click on Products and click on the APS link on the left bar.

FirstLab continues to provide our “Supervisor Training on Drug & Alcohol Testing” video/manual and on-site training (call FirstLab for cost). The video was introduced at a seminar sponsored by the Regional Airline Association and awarded the silver “Telly” by the International Television Association (ITVA) in the Corporate Training category. The accompanying manual contains removable sections that can be photocopied and given as handouts to participating supervisors, instructions for the trainer in how best to conduct the session, as well as a certificate of completion that can be given to each supervisor at the close of the session to document training.

The video is used as a guide to the session and when used in conjunction with the manual, fulfills the DOT requirements of 60 minutes of training on controlled substance abuse and 60 minutes of training on alcohol misuse. Call for pricing and to check on date availability.
